

Technical information sheet

3 Asco Developments

The benefits of feeding **Asco Marine Meal** to animals is well documented. **Asco Marine Meal** is 100% plant, fully mineral balanced, naturally high in Iodine and will improve animal health and rumen function in animals of all ages. Two of the developments are in the delivery method of getting **Asco Marine Meal** in to the animal and the 3rd is a new combination of **Asco Marine Meal** and **Natural Sea Salt** in a bucket.

A Mineralised High Energy Lick

High sugar liquid mixed with a unique suspension of **Asco Marine Meal** combining the benefits of high energy with 60 Trace elements and amino acids in 100% plant form. **Asco Marine Meal** is naturally high in Iodine. Feed via 50L rolla ball feeders or pour on to forage.

Delivered to farm in bulk or 1000L IBC

Asco Marine Block

250kg or 500kg feeding Blocks.

Convenient and easy to use

Crude protein 12%, Sugars 18%, Oil 5%,

P 0.5%, Mag 1%, Ca 5% Na 4% Ash 28%

With added I, Co, Mn, Zn, Se, Vits A and D

Plus all the benefits derived from: Bio-available
