

Description:

The TracKing-1 is a portable livestock reader with a “state of the art” user interface. Extremely light and easy to handle, this device has been designed to reliably scan your animals with best-in-class reading performances. It reads all ISO HDX and FDX-B transponders in accordance with ISO Standard 11784/5. The TracKing-1 has an internal memory to store 4’000 ID codes, continuous reading, tag counter features and a long-lasting rechargeable battery. The included companion software will allow you to download the recorded data quickly and easily.

Technical Specification:

Product Name	TracKing-1
Size and Weight	223 x 108 x 41 mm, 290g
Power Supply	Rechargeable battery (Lithium polymer)
Battery Life	8-10 Hrs; Continuous reading mode 4 Hrs
Interface	USB
Transmission Frequency	134.2 kHz
Memory	4,000 ID's
Operating Temperature	-10°C to + 55°C, 85% RH non condensing
Charging Temperature	+5°C to + 40°C, 85% RH non condensing
Long-term Storage Temperature	-20°C to + 45°C, 85% RH non condensing
Typical Reading Distance (depending on tag)	30cm HDX and 23cm FDX-B
IP Level	40
Certifications	EN 60950 -1:2006 CE; ACMA and FCC
Warranty	2 years from date of purchase against damage caused by faulty material or manufacturing defects

Package Contents: 1x TracKing-1; 1 x USB Cable; 1 x Utility Software Disc; Warranty Card & User Guide

Reader Output:
